Biobank for induced pluripotent stem cells and Clinical Trials in Brazil

Biobanco para células-tronco pluripotentes induzidas e Ensaios Clínicos no Brasil

Day 1 (09/05) - Biobank for iPSC

9h45 - 10h Induced pluripotent stem cells from polycystic kidney disease.
Adalberto Vieyra/ Giovane Tortelote (UFRJ)

10h - 10h15 Induced pluripotent stem cells from cystic fibrosis.
Marcelo Morales (UFRJ)

10h15 - 10h30 Induced pluripotent stem cells from long QT syndrome diseases.
Adriana Bastos (UFRJ)

10h30 - 10h45 Induced pluripotent stem cells from amyotrophic lateral sclerosis.
Rosália Mendez-Otero (UFRJ)

10h45 - 11h Induced pluripotent stem cells from schizophrenia.
Stevens Rehen (UFRJ/IDOR)

11h - 11h15 Induced pluripotent stem cells from sickle cell anemia.
Bruno Solano (HSR/FIOCRUZ)

11h15 - 14h Lunch 

14h - 14h15 Induced pluripotent stem cells from familial hypercholesterolemia and hypertrophic cardiomyopathy.
José Eduardo Krieger (USP)

14h15 - 14h30 Induced pluripotent stem cells from Alzheimer's, Parkinson's and Gaucher's disease.
Lygia Pereira da Veiga (USP)

14h30 - 14h45 Induced pluripotent stem cells from Diabetes Mellitus.
Mari Sogayar (USP)

14h45 - 15h Induced pluripotent stem cells from Autism and Rett Syndrome.
Patricia Braga (USP)

15h - 15h30 Standard Operations Procedures for tissue procurement, bio-sample tracking, iPSC expansion, cryopreservation, qualification and distribution to the research community.
Stevens Rehen/Sylvie Devalle (UFRJ/IDOR)

15h30 - 15h40 Cryopreservation and physical installations of Biobank in INTO.
Diego Pinheiro Aguiar (INTO)

15h40 - 16:00 Coffee break 

16h - 16h15 ISCT regional vision: how to drive the translation of cell therapies for the benefit of patient in central and South America?
Maroun Khoury (Chile)

16h15 - 18h Round Table: iPSC cell banks for regenerative medicine, disease modelling and drug screening: scientific, regulatory, financing and industry challenges (RNTC, ANVISA, FINEP, MS, CGEE)

Day 2 (09/06) - Clinical Trials in Brazil

10:00 - 10:20	Clinical Trials in acute ischemic cardiac disease. <i>Antonio C. Campos de Carvalho (UFRJ).</i>	14:20 - 14:40	Clinical Trials in articular disease <i>Paulo Brofman (PUC/PR).</i>
10:20 - 10:40	Clinical Trials in chronic ischemic cardiac disease. <i>José Eduardo Krieger (USP).</i>	14:40 - 15:00	Clinical trials in sickle cell disease <i>Radovan Borojevic (FMP).</i>
10:40 - 11:00	Clinical Trials in renal diseases <i>Marcelo Morales (UFRJ).</i>	15:00 - 15:20	Clinical trials in epilepsy <i>Carlos Silvado (Hospital das Clinicas/PR).</i>
11:00 - 11:20	Clinical Trials in respiratory diseases <i>Patricia Rocco (UFRJ).</i>	15:20 - 15:40	Clinical Trials in stroke <i>Rosalía Mendez-Otero (UFRJ).</i>
11:20 - 11:40	Clinical Trials in vascular diseases <i>Alexandra Senegaglia (PUC/PR).</i>	15:40 - 16:00	Coffee break ☕
11:40 - 12:00	Clinical Trials in GVHD <i>Lucia Silla (UFRGS).</i>	16:00 - 16:20	Clinical Trial Regulation by ANVISA <i>Renata Parca (ANVISA).</i>
12:00 - 14:00	Lunch 🍽️	16:20 - 16:40	Clinical Trial Initiative of the Health Ministry. <i>Augusto Barbosa Junior (MS).</i>
14:00 - 14:20	Clinical Trials in spinal cord injury <i>Milena B. P. Soares (FIOCRUZ/HSR).</i>	16:40 - 18:20	Round Table: Cell Technology Centers – challenges in regulation, sustainability and product manufacturing (ANVISA, FINEP, BNDES, MS, RNTC).

Event place: I'DOR INSTITUTE - *Local: Instituto I'DOR*
Rua Diniz Cordeiro, 30 - Zip Code: 22281-100
Botafogo - RJ - Brazil
